TriCell

Revolutionary
Cell Therapy & Platelet Plasma Products
for EXPERTS

Designed to produce an individualized platelet plasma product that the physician requires to meet specific patient therapeutic demands.

Only TriCell can provide an unsurpassed Platelet Rich Concentrate (**PRC**), a Platelet Lite Concentrate (**PLC**) or a Platelet Conditioned Plasma (**PCP**) in a single process system.

The physician is able to determine the appropriate plasma product for customized treatment protocols.

PRP the way you want it:
